

SMOOTH STINGRAY

COLOUR ME IN &
DRAW MY HOME!

FUN FACTS

- I am a ray, which is a flattened fish, closely related to sharks.
- My skeleton is made of cartilage, the same as the bendy stuff in your nose and ears.
- I am one of the largest stingrays in the world, almost as big as a car.
- I like to cruise along reefs and piers looking for a feed of fish, crabs and molluscs.
